WELCOME

Dear Friends and Colleagues,

Welcome to the 7th annual meeting of the Baltic Eye Surgeons.

After the previous exceptionally successful meetings, it is our great pleasure to meet you in Tallinn.

Efforts have been made to cover both clinical and scientific topics and areas of concern of every participant.

It is a great privilege to have Professor Ferenc Kuhn (USA) - a leading expert in ocular traumatology - as our Guest Speaker. His lectures will definitely be the major highlights of the meeting.

As to the social side of the event, we have planned time for relaxation and informal contact as well.

We hope that this meeting will be memorable both for its scientific content as well as new collaborations and contacts.

We wish you a pleasant stay during this weekend of interaction between clinical skills, research and life.
